

Cullen

We are attaching a few pictures of our new addition to the Astraikis family, Cullen, who we adopted from you as Big Boy.

My daughter Katherine & I were in Pet Smart just for a visit, or so we thought, until she laid eyes on this beautiful boy. She was supposed to be getting a new bird for Christmas, we were just getting ready to order a cage and then she saw Big Boy & couldn't get him out of her mind. She told me that she had her whole life to get a bird, but would never see Big Boy again if we went home without him!

They are two peas in a pod, he loves to sleep with her at night or cuddle up to her when she is reading. He really likes laying on top of the sofas by everyone's heads and steals Garbanzo beans from Katherine's little sister, Emily every now & then!

Katherine is an avid reader & a huge fan of the Twilight series, that is where Big Boy got his new name, Cullen, from the family in the series. He has adjusted very comfortably into our family and we are so happy to have him with us. You have made another perfect match!

Thank you so much and I hope you enjoy these pictures, he is such a good model. I had a VERY hard time narrowing it down to these four pictures!
